

All schools are advised to note the hazards/issues identified and suggested control measures/further actions in this document and add detail specific to their school.

This is a live and active document which must be shared with all staff and reviewed on a regular basis to ensure it meets the changing environment to control the spread of the COVID-19 virus.

Name and Address of the School – St Cuthbert’s Catholic Primary School, Ropery Lane, Chester le Street, DH3 3PH		
Head teacher- Mrs A Garrity	Name of Person Completing the Risk Assessment- Mrs A Garrity	
Current Number of Staff Employed: 24 Teaching: 8 Support Staff: 7	Date of assessment – January 2022	Date risk assessment reviewed – March 2022
Current Number of Pupils on Roll- 184 Current number of pupils accessing alternative provision- 0		
Contractors currently working on the school site: 0 (unless emergency remedial work being carried out) Peripatetic Music Teachers: 4 After school provision leads: 2 School Sports Partnership Members: 2		
Consultation -The Covid-19 Risk Assessment and associated COVID Policy have been shared with the Governing Body and Staff members. The Governing body of the school are to be informed of any staff members or Parent/Carers concerns.		
Communication -The Covid-19 Risk Assessment and associated COVID Policy has been shared with the whole staff team. The school have more than 50+ members and staff and to comply with the current Schools Coronavirus (COVID-19) Operational Guidance in the Summer Term 2021 and to ensure compliance with the Health and Safety Executive (HSE) a copy of this risk assessment has been placed on the school website.		

H&S Manual	Form	Version	Issue Date	Next Review	Page
School BJ	COVID-19 Risk Assessment-	06	Autumn 2021	July 2023	1/21

Persons covered by this assessment – **The School Community, visitors, professionals, and contractors working in/attending the school site to provide support etc.**

COVID-19 is a virus which has serious effects which debilitates those who have caught it and causes immense distress both physically and mentally. The UK has suffered huge fatality rates.

The virus is thought to spread mainly from person-to-person.

- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes, or talks.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
- COVID-19 may be spread by people who are not showing symptoms.

RISK RATING		Likelihood		
		Probable Occurs repeatedly, to be expected or could affect large number of people	Possible Could occur sometime or effect a few people	Remote Unlikely to occur or not many people to be affected
Impact	Major Major injury, permanent disability, or ill-health	High	High	Medium
	Severe Injury requiring medical treatment	High	Medium	Low
	Minor First aid treatment	Medium	Low	Low

The school are following the guidance [Schools coronavirus \(COVID-19\) operational guidance](#) and where applicable guidance for [Early Years](#), [Further Education Colleges](#) and [Special Schools](#).

Public Health England advice systems of controls to minimize coronavirus (COVID-19) risks in school environments, the school are adhering to the four key current systems of control;

1. Ensure good hygiene for everyone.
2. Maintain appropriate cleaning regimes.
3. Keep occupied spaces well ventilated.
4. Follow public health advice on testing, self-isolation and managing confirmed cases of COVID-19.

COVID-19 will be a feature of our lives for the foreseeable future, so we need to learn to live with it and manage the risk to ourselves and others-[Coronavirus: how to stay safe and help prevent the spread](#).

School BJ	COVID-19 Risk Assessment-	06	Autumn 2021	July 2023	5/21

				-Consideration be given to continuing with seating plans in classrooms.		
Self-isolation period for those who test positive for Covid-19		<p>- Since Wednesday 22nd December 2021, the 10-day self-isolation period for people who record a positive PCR or LFD test result for COVID-19 has been reduced to 7 days in most circumstances, unless you cannot test for any reason.</p> <p>- Individuals may now take LFD tests on day 5 and 6 and if negative can end their self isolation at this point.</p> <p>-Staff/Pupils can end isolation after a positive result if they have two negative results on LFDs on Day 5/6 of isolation. Staff can then return to work and pupils to school on Day 6. This also applies to children under 5, with LFD testing at parental or guardian discretion. If both these test results are negative, and you do not have a high temperature, you may end your self-isolation after the second negative test result and return to your education or childcare setting from day 6. Further information, including examples of when to end self-isolation if you have had COVID19 symptoms, is available in the stay at home: guidance for households with possible or confirmed COVID-19 infection.</p>		<p>-Staff/Pupils can end isolation after a positive result if they have two negative results on LFDs on Day 5/6 of isolation. Staff can then return to work and pupils to school on Day 6.</p> <p>-If staff/pupils test positive on days 5/6 but then have 2 consecutive negative LFD tests then can return from self isolation after these.</p> <p>-With no negative tests in the 10 day isolation period, staff/pupils must complete the full 10 day isolation.</p>	Head Teacher	L
Covid-19 Outbreak	H	-An outbreak is identified as 10% of cases within a class environment for example: 30 children in a		-The Covid-19 Outbreak Management Plan would be followed if an outbreak did occur. This would mean that:	Head Teacher	M
