

Chester le Street
Schools' Football Association
Code of Conduct

Players and supporters. Welcome to our school football centre.

When representing your school please remember:

PLAYERS

SPECTATORS

It is a privilege to represent your school - do it with pride.

Be a fan - not a fanatic! Be a good role model for the young children around you.

Enjoy taking part - it should be fun!

Give praise plentifully - never boo or criticise!

Encourage players in your team and other teams to do their best.

Recognise the performances of all players, in your team and others.

Never pretend to be injured - only stay on the ground if you really need to.

Demonstrate concern for injured players on either team.

Play by the rules, listen to the referee and thank them for their efforts.

Never question decisions made by match officials. Young players copy the example you set.

Listen to your coaches so you can improve as a player and a sports person.

Accept coaches decisions without question. There may be many reasons behind their choices.

Accept victory modestly and defeat graciously. Don't look for excuses if you haven't won this time.

Accept victory modestly and defeat graciously. There are more important things in life than this result!

Thank you coach for the time they have spent picking and coaching your team.

Remember that busy teachers choose to give their time for your child. Staff are neither expected or paid to be here!
